	Question	Diagram	Response	Code
LOW BACK PAIN	In the past 4 weeks, have you had pain in your low back (in the area shown on the diagram)?		Yes 1 → go to MSK2 No 2 → go to MSK3 Refused 88 → go to MSK3	MSK1
	If yes, was this pain bad enough to limit your usual activities or change your daily routine for more than one day?		Yes 1 → go to MSK3 No 2 → go to MSK3 Refused 88 → go to MSK3	MSK2
NECK PAIN	In the past 4 weeks, have you had pain in your neck (in the area shown on the diagram)?		Yes 1 → go to MSK4 No 2 → go to MSK5 Refused 88 → go to MSK5	MSK3
	If yes, was this pain bad enough to limit your usual activities or change your daily routine for more than one day?		Yes 1 → go to MSK5 No 2 → go to MSK5 Refused 88 → go to MSK5	MSK4
HIP AND KNEE PAIN	In the past 4 weeks, have you had any pain in your hips <u>or</u> knees (in the area shown on the diagram)?		Yes 1 → go to MSK6 No 2 → finish Refused 88 → finish	MSK5
	If yes, was this pain bad enough to limit your usual activities or change your daily routine for more than one day?		Yes 1 → go to MSK7 No 2 → finish Refused 88 → finish	MSK6
	Has this problem lasted for 3 months or more?		Yes 1 → go to MSK8 No 2 → finish Refused 88 → finish	MSK7
	For this problem, have you been told by a medical doctor what the diagnosis is?		Yes 1 → go to MSK9 No 2 → finish Refused 88 → finish	MSK8
	If yes, what was the diagnosis?		-----	MSK9
UPPER LIMB PAIN	In the past 4 weeks, have you had any pain in your upper limbs (in the area shown on the diagram)?		Yes 1 → go to MSK11 No 2 → finish Refused 88 → finish	MSK10
	If yes, was this pain bad enough to limit your usual activities or change your daily routine for more than one day?		Yes 1 → go to MSK12 No 2 → finish Refused 88 → finish	MSK11
	Has this problem lasted for 3 months or more?		Yes 1 → go to MSK13 No 2 → finish Refused 88 → finish	MSK12
	For this problem, have you been told by a medical doctor what the diagnosis is?		Yes 1 → go to MSK14 No 2 → finish Refused 88 → finish	MSK13
	If yes, what was the diagnosis?		-----	MSK14

Instructions for interviewer:

- For question MSK1, ask the interviewee the question and show them the diagram of the low back and explain that the low back is defined as the area shaded (which is from the bottom rib to the bottom of the bottom just before it connects with the leg). If they answer yes, go to question MSK2. If they answer no or refuse to answer (to MSK1) go to question MSK3.
- For question MSK3, ask the interviewee the question and show them the diagram of the neck and explain that the neck is defined as the area shaded. If they answer yes, go to question MSK4. If they answer no or refuse to answer (to MSK3) go to question MSK5.
- For question MSK5, ask the interviewee the question and show them the diagram of the hip and knees and explain that they are defined as the area shaded. Note, even one joint (e.g. right hip) qualifies as a 'yes' for this question. If they answer yes, go on to questions MSK6. If they answer no or refuse (to MSK5), go to question MSK10.
- For question MSK6, ask the interviewee the question. If they answer yes, go on to questions MSK7. If they answer no or refuse (to MSK6), go to question MSK10.
- For question MSK7, ask the interviewee the question. If they answer yes, go on to question MSK8. If they answer no or refuse (to MSK7), go to question MSK10.
- For question MSK8, ask the interviewee the question. If they answer yes, go on to question MSK9. If they answer no or refuse (to MSK8), go to question MSK10.
- For question MSK9, ask the interviewee the question, and wait for their response. Do not give them any suggestions. Once they answer go to question MSK10. If they cannot remember the diagnosis, enter 'cannot remember'.
- For question MSK10, ask the interviewee the question and show them the diagram of the upper limbs and explain that they are defined as the area shaded. Note, even one area or joint (e.g. right elbow) qualifies as a 'yes' for this question. If they answer yes, go on to questions MSK11. If they answer no or refuse (to MSK10), this completes the module.
- For question MSK11, ask the interviewee the question. If they answer yes, go on to questions MSK12. If they answer no or refuse (to MSK11), this completes the module.
- For question MSK12, ask the interviewee the question. If they answer yes, go on to question MSK13. If they answer no or refuse (to MSK12), this completes the module.
- For question MSK13, ask the interviewee the question. If they answer yes, go on to question MSK14. If they answer no or refuse (to MSK13), this completes the module.
- For question MSK14, ask the interviewee the question, and wait for their response. Do not give them any suggestions. Once they answer, this completes the module. If they cannot remember the diagnosis, enter 'cannot remember'.
